MINING NEWS, MOHAVE MINER

MUSICALE WILL BE REAL TREAT TO PULIC

The committee having in charge the program for the musicale to be given by the Woman's Auxiliary on Friday evening, October 21, reports the work as practically completed and will be published in next week's Minner. This affair will be a real treat to the people of Kingman who are music lovers.

The program will be made up entirely of local talent, which means that the public will have an opportunity to learn how many really talented musicians there are in Kingman.

Besides the music some prominent men of affairs have indicated their willingness to give short addresses upon subjects of interest to the people of today.

It is to be hoped that the ladies will have a hearty response to their efforts along this line as the object of this entertainment is to provide funds for sending a delegate to the national convention at Kansas City the 1st of November, and also to provide something new in the way of entertainment.
